

A540E

The Toyota A540E Valve Body is available with or without the tube.
The tube goes to the case by the rear carrier assembly.

For identification purposes, on a Toyota A540E with NO tube,
the hole shown above will either be cast over or plugged.

See **RED ARROW** above for location of hole.

A540E - (WITH Tube) - **VBX** Part # TOY155

A540E - (WITHOUT Tube) - **VBX** Part # TOY156
