

# 28406C

## TRI-METAL DIRECT CLUTCH DRUM THRUST WASHER

H I G H   P E R F O R M A N C E   T R A N S M I S S I O N   P A R T S

### FEATURES & BENEFITS:

- **Higher load capacity than OEM thrust washer**
- **Increased life by improved oiling**

### Part No.

## 28406C

*1 Clutch Drum Thrust Washer*

### PART SUMMARY

The Sonnax tri-metal direct clutch drum thrust washer **28406C** is designed especially for the extreme loads seen in race-only applications. The thrust washer is made of lead-bronze on a steel backing, then lead-tin plated to withstand the high loads of drag racing. The washer is also designed with four oil grooves to increase surface lubrication for longer service life. At .078" thick, it can be shimmed for precise clearance.
