- Not available from OEM
- Salvages costly planetary assemblies

**Part No.**

**34821-01**

*Thrust Bearing*

**Note:** Check bearing locations.

4L80-E: Overdrive Planet

4T60 & E, 4T65-E: Input Carrier

**PART SUMMARY**

**34821-01** is a direct replacement for the planetary thrust bearing. This bearing is known to fail and destroy the planet gears. Replace the bearing during a rebuild to prevent a costly failure.
