1 O-Ring for 2nd Apply Housing

Part No.

77701-04SK

Seal Kit, Replacement

2 D-Rings for Piston

1 O-Ring for 2nd Apply Housing

PART SUMMARY

The Sonnax Corvette ratio servo kit provides increased apply area resulting in improved holding power for firmer 1-2 and 3-4 shifts. The servo piston has D-rings in place of the OEM seal rings for improved sealing during apply and release and is compatible with Sonnax 4th gear "Super Hold" Dual Servo (77767K).

INSTRUCTIONS:

Assemble as with OEM piston, reusing the OEM cover, servo pin, return/cushion/apply springs and related assembly parts.
